SUMIT KOSTA
FULL-STACK BLOCKCHAIN DEVELOPER

TO WHOM IT MAY CONCERN,

Enclosed you will find my resume, which I am remitting in response to your recent post for a Full Stack Blockchain Developer for your company. I bring over two years of experience in this field and feel that my accomplishments and qualifications as a full-stack blockchain developer will benefit the position you are offering.

I am proficient in Javascript, ReactJS, NodeJS, ExpressJS, MYSQL, and Blockchain, Solidity, Ethereum, EtherJs, and Web3Js, and have extensive experience with Smart Contract Deployment. My attention to detail, communication, and time management skills have proven beneficial to various software and systems development projects.

Prior experience has enabled me to build strong management and organizational skills that I will continue to apply to the Blockchain Developer position at your company. I have demonstrated a consistent ability to bring projects from design to implementation within time and budget constraints while providing effective applications and ensuring customer satisfaction. I am available to further discuss this position and my qualifications at a time of your convenience

Thank you for your consideration.

SINCERELY,

SUMIT KOSTA
